THANK YOU

from our CEO and CVO

Dear Friend of the Y,

The mission of the Valley Shore YMCA is very much at work in our community strengthening the shoreline through wellness, belonging, and opportunity for all. The Y is more than a place for programs; for many, it's an essential part of their health, their family support system, and their connection to community.

2025 was a milestone year for the Valley Shore YMCA, and a powerful reminder of what's possible when a community comes together. We welcomed more members than ever before and achieved a record number of visits, with more than 20,000 additional visits compared to 2024. That growth isn't just a number; it represents thousands of moments of connection, progress, and support happening every day in our facility.

With that momentum, we reinvested directly back into the member experience by putting over \$125,000 into facility improvements to keep the Y safe, welcoming, and ready for the future. From repaving our front entrance and sidewalks, to installing a new HVAC unit serving our Child Watch area, to refinishing the gymnasium floor, among many additional upgrades, we focused on improvements that make a real difference for the people who walk through our doors.

We're also proud that 171 new donors stepped forward in 2025 to support the Y and the impact we create across the shoreline. Because of that generosity, we expanded access and deepened our community reach, such as, welcoming 141 children into FREE swim lessons during SPLASH Week, helping more kids gain confidence and life-saving water safety skills.

Supporting families remains at the heart of our work, and this year we were excited to open a new Before and After School site at Essex Elementary School, creating more options for working parents and more enriching spaces for kids to grow.

Beyond our walls, our impact continued to grow. Our Community Garden donated 2,600 pounds of fresh produce to support the Shoreline Soup Kitchen and Pantry in Westbrook, helping ensure local neighbors have access to fresh, healthy food. Our Cedar Lake Triathlon Series had a fantastic season, with races reaching full capacity and introducing a new Super Sprint option to help first-time athletes build confidence and join the sport in a supportive way.

None of this happens without you, our donors, members, volunteers, board leadership, and staff. Thank you for believing in the Y and helping us build a stronger community and a better "us."

As we gather for our What's Next Annual Celebration & Awards Meeting, we celebrate what we've accomplished together in 2025 and we look ahead with excitement for what's next. The Valley Shore YMCA is here for the shoreline community today, tomorrow, and for generations to come.

With gratitude,

Tony Sharillo
CEO, Valley Shore YMCA

Bob Merrick
CVO, Valley Shore YMCA

MEMBER SURVEY FEEDBACK

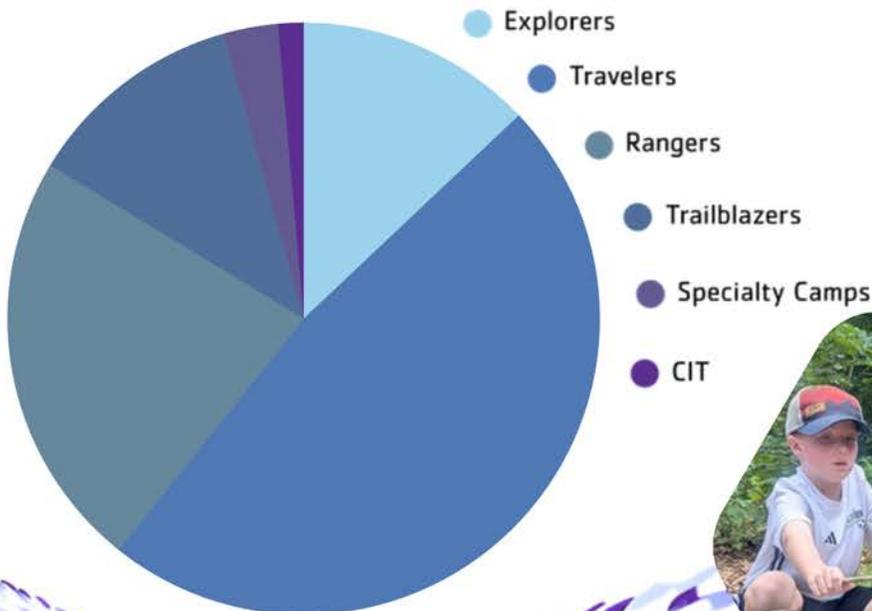

This YMCA has something for everyone! Not to mention the staff are fantastic! In addition, the price is reasonable especially when you compare to other fitness facilities. It's really been one of the better decisions I've made in recent years.

Delay the Disease

Delay the Disease™ is an evidence-based fitness program designed to empower individuals with Parkinson's Disease (PD) and other neurological disorders. Through structured exercise routines focused on strength training and targeted movement, participants can address disease-specific physical challenges. This program has been shown to improve mobility, reduce rigidity, minimize fatigue, and decrease the risk of falls—helping individuals maintain independence and confidence in their daily lives.

Hope Is Power

Each year, the Valley Shore YMCA serves 36 cancer survivors in our Hope Is Power program, a 12-week exercise program designed to support adult cancer survivors of all ages and fitness levels. Under the guidance of specially trained health and wellness staff, participants engage in small-group exercise sessions at no cost. This program helps rebuild strength, improve endurance, and restore function lost due to cancer and its treatment. Additionally, it fosters emotional well-being and self-confidence by providing a supportive community for survivors.

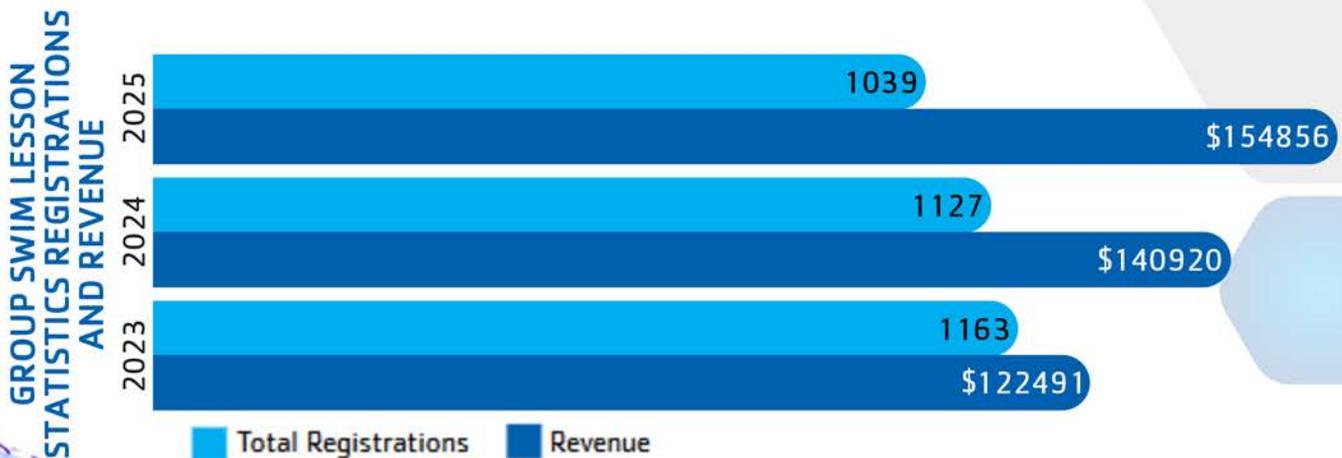

Tai Ji Quan: Move for Better Balance

Falls are a leading public health concern for adults over 65 and individuals with chronic conditions such as heart disease. Tai Ji Quan: Move for Better Balance is a research-based program designed to reduce fall risk and enhance overall physical well-being. Using Tai Chi principles and movements, the program helps participants improve balance, muscle strength, flexibility, and mobility—boosting confidence in everyday activities.

INCLUSIVE PROGRAMMING

At the Valley Shore YMCA, everyone belongs, and we work intentionally to make sure people of all ages and all abilities feel welcomed, supported, and empowered. It's part of our mission and a reflection of the community we serve. Through strong school partnerships and dedicated community organizations, we create opportunities for individuals to build confidence, develop independence, and live healthier lives, both inside our facility and beyond it.

HIGH SCHOOL TRANSITION PROGRAM PARTNERSHIPS

We work with four local high school transition programs, welcoming over 20 students as volunteers where they gain meaningful work experience and build life skills in a supportive environment. Students also have opportunities to stay active and connected through access to YMCA spaces like the Lee Pool and Brady Wellness Center.

ADAPTIVE SWIM
LESSONS

ADAPTIVE SWIM LESSONS AND WATER SAFETY ACCESS

We're proud to provide Adaptive Swim Lessons for:

- Montville School System
- Lighthouse School
- Miracle League of Southeastern CT

SPECIAL OLYMPICS PARTNERSHIPS

The Valley Shore YMCA is honored to support four Special Olympics teams, helping athletes train, connect, and thrive:

- Cycling
- Basketball
- Swim
- Soccer

JOIN US AND MAKE A LASTING IMPACT

"Leon has always loved the water. However, it wasn't until joining swimming lessons that he's really blossomed, to enjoy his newfound independence in the water. At first he clung to us, but thanks to the time and patience of the wonderful staff, Leon has gained so much confidence in the water. We are looking forward to signing him up for lessons again in April! Also, I think starting a special Olympics swim team would be amazing!"

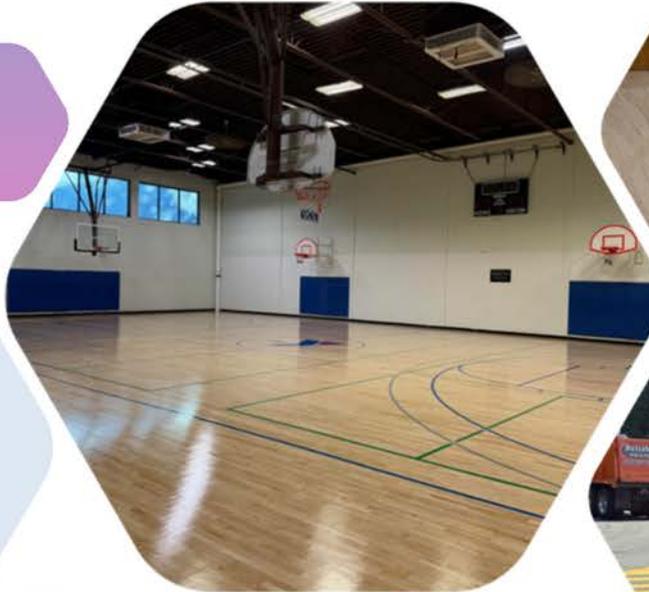

CAPITAL PROJECTS & FACILITY IMPROVEMENTS

INVESTING IN OUR FUTURE

At the Valley Shore YMCA, we are committed to improving our facility to ensure a safe, welcoming, and high-quality space for our members and the community. Over the past few years, we began to reinvest in critical infrastructure projects to enhance our spaces, improve energy efficiency, and ensure the longevity of our facility.

PROJECTS COMPLETED IN 2025

 - Painted South Wall
- New Front Sidewalk Lights Service Installed
- Gymnasium Hallway
 - Painted
 - Floors Stripped and Waxed
- Men's Locker Room Shower Door Framed Restored
- Pavilion Cleaned and Power Washed
- Sports Performance Center (SPC)
 - Doors Installed Teen Room/SPC
 - New Squat Racks Delivered
- Two New PTACS Units Installed
 - Britney's Office
 - Conference Room
- Exterior and Interior Lock Replacement

MEMBER SURVEY FEEDBACK

I have been a VSYMCA member for 10+ years and truly enjoy the facilities offered. The facility constantly looks to upgrade the equipment and class offerings. Keep it up!!

These capital improvements reflect the Valley Shore YMCA's ongoing mission to create a healthier, more connected community. Thank you to everyone who contributed to making these projects a success!

BECOME A PART OF WHAT'S NEXT

The Valley Shore YMCA is embarking on a transformative journey to reimagine the facility to continue to serve our community's changing needs. The What's Next campaign supports six exciting projects designed to improve accessibility, and community wellness for all ages and abilities.

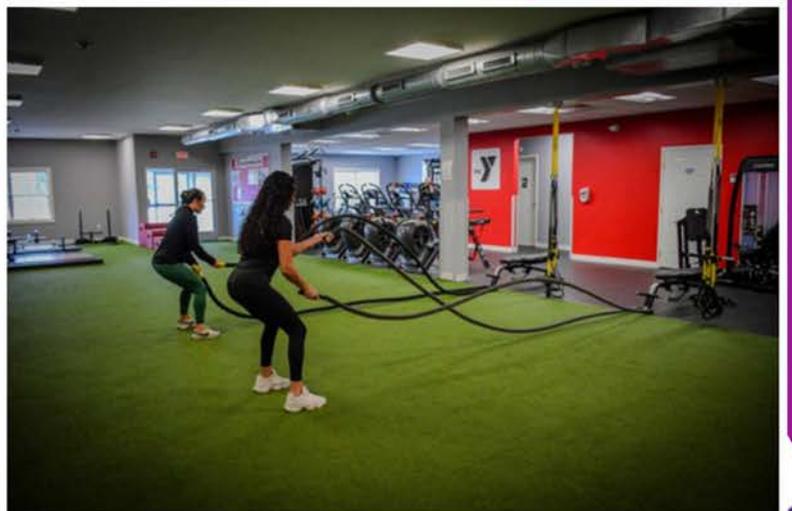

Adult Locker Rooms

Our adult locker rooms are original to the 1975 building and are overdue for a full refresh. This project will modernize these high-use spaces to better serve today's members with improved layouts, updated finishes, and enhanced privacy, while ensuring full ADA accessibility. The result will be safe, welcoming, and functional locker rooms that match the quality and feel of the rest of our renovated facility, strengthening the overall member experience and helping our Y remain a place where everyone can feel comfortable and supported.

Sports Performance Center

The new Sports Performance Center will create an inclusive training environment for athletes of all ages and abilities, from youth and high school athletes to adults, weekend warriors, and adaptive athletes. Located in currently underutilized lower-level space, it will support new programming such as strength and conditioning for school teams, one-on-one training, small-group youth athlete development, Olympic lifting clinics, and open gym hours. Just as important, this space will expand the Y's ability to serve community partners like Special Olympics and Miracle League, ensuring more people can build confidence, strength, and lifelong healthy habits in a setting designed for their goals and needs.

Access for All: Elevator and Lower-Level Bathroom Remodel

Access for All will remove key barriers in our building by adding an elevator to the lower level, remodeling the lower-level bathroom, and installing a ramp to the Sports Performance and Spin Centers to meet ADA standards. These improvements will better connect members and program participants to the full YMCA campus, while creating a more comfortable, dignified experience for individuals with mobility challenges, older adults, families, and anyone who benefits from accessible design. By improving navigation and upgrading restrooms, we'll ensure our facility more fully reflects the YMCA's commitment to welcoming everyone.

MORE ABOUT
WHAT'S
NEXT

State of the Art Spin Center

A dedicated, state-of-the-art Spin Center will elevate one of our most popular fitness experiences while adding flexibility for how and when members ride. This space will feature modern equipment, immersive sound, and an engaging screen setup, plus on-demand programming so members can use the studio even when a live class isn't scheduled. By creating an energizing, purpose-built environment, the Spin Center will strengthen healthy living at the Y and give members another high-quality way to stay active, motivated, and connected.

Community Room

A new Community Room will meet a growing need on the shoreline: welcoming, flexible space where people can gather, learn, and connect. This multi-use room will allow the YMCA to host our own learning series and community programs, while also opening our doors to partner organizations and local groups looking for meeting space. It will serve staff, volunteers, members, and participants alike, strengthening relationships, encouraging collaboration, and reinforcing the Y as a true community hub.

NAVIGATOR ENDOWMENT SOCIETY

The Navigator Endowment Society ensures the continued impact of the Valley Shore YMCA for generations to come. Contributions directly sustain the programs and services that make the Y a vital resource for all ages and abilities, through a will, trust, retirement plan, life insurance beneficiary designation, or a life-income gift.
